<https://localbounti.com/advantage/>

At Local Bounti, we use 90% less water and 90% less land than traditional agriculture. The perfect environmental greenhouse conditions ensures the highest possible nutritional value and taste, and we are non-GMO and pesticide/herbicide free. Our sustainable, root-on, living product results in less environmental impacts, carbon footprint, and less waste.

### LOCAL IS BEST

Your produce is rarely grown local, but we are changing that. We strive to make the distance between our farm and your plate as short as possible. Growing local delivers sustainable products, markets, and partnerships to the benefit of our communities and our world. We believe local is the best kind of business.
