Full title: "Educating for a Better World with Lorena Mucke"

Welcome to our special Live Streaming event featuring Lorena Mucke, the Founder, President, and Chief Executive Officer of the Educated Choices Program.

Lorena is here to share how their highly effective program educates hundreds of thousands of students every semester empowering them to actively participate in making this world more compassionate and more sustainable.

She'll also answer your questions on topics related to educating and empowering others to think critically and compassionately through their food choices - so feel free to ask any questions below!
