Next Meats becomes majority shareholder and its Director the CEO of Catapult Solutions:

Koichi Ishizuka, Director of Next Meats, is to own ~80% of CPSL's shares (\$375,000) and will be the Company's Chief Executive Officer, Chief Financial Officer, President, Secretary, Treasurer, and Director of Catapult Solutions via White Knight Co. (the holding company). Catapult Solutions is a "blank check" company, so it may become a vegan stock in itself due to its new takeover from Next Meats. White Knight Co. also acquired WB Burgers Asia (symbol WBBA) in May.
