Veganism would be a lot faster to beat climate change than EV tech - which is difficult to work on and isn't improving enough.

#### "VW's electric push 'can't go any faster', says CEO"

Volkswagen chief executive Herbert Diess said Monday it was "impossible" for the German car giant's electric transformation to happen any faster, but he accused Angela Merkel's government of holding back change with generous diesel subsidies.

"Can we do it faster? No, it's impossible," said Diess."
