Resources:

- <https://gfi.org/resource/startup-manual/>
- Vegan certifications: <https://beyondanimal.com/api/media/shared/BusinessResource/BO8AdrR8-m>

Discussion:

Because Beyond Animal is about helping out vegan companies and starting them, this discussion is about people sharing tips, resources, and expertise to develop a resource for how to start vegan businesses to help others achieve their goal for success!

I really encourage those who already started, manage, or are in vegan companies to especially participate here.
