

What is the definition of consciousness?

71 1.1k 49 28 2.5k

Background
List all definitions as sub-theses and discuss consciousness in the pros/cons. Definitions are not limited by any specific consciousness - like ones in humans for instance - but any definition that can describe any type of consciousness that exist.

Please do not list manifestations as definitions. By manifestations, I mean examples. For instance.... [Read More](#)
