### Content

if you ever wondered why you don't see many animals around you, where they all went, why there aren't what used to be seen, none threaten your life unlike ancient times, there are references in books that don't apply today, the ones that do exist are dilapidated or scared/worried of humans and try to shy away/mind their business, well you're not alone. This video explains why:

#### Extinct Animals of Ancient History
