

Libraries should stop having a physical presence and instead only exist digitally (i.e. online).

@narwhale I'm heading out, but feel free to continue writing

@fnerd ok, you officially won me over. You can be an admin here :)

@vegforlife LOL... thanks! wheel!

@fnerd :)

@vegforlife What do you think about a new image for the debate, maybe [@unsplash.com](https://unsplash.com)? Asking bc the current one is so blurry.

fnerd (1.1k) · 2y

@fnerd nah, as that is just a picture of a library, so it doesn't really tell a story

You (8.8k) · 2y

@vegforlife Hold on, what's the story of the current one other than "I hail from the 00s"? xD

fnerd (1.1k) · 2y

@fnerd it's a juxtaposition of a librarian looking like they work in physical library, when it's really a digital one

You (8.8k) · 2y

OH that's an ebook reader. I have to admit, that was totally lost on me here... ok, I'll keep my eyes open for high dev story images then =D

@fnerd you remind me of myself sometimes, where I don't get things right away (sometimes it takes me years to get it)

You (8.8k) · 2y

@vegforlife Come on, it's not that easy to see! The way Kialo crops it etc.

fnerd (1.1k) · 2y

@fnerd tbh, it's really hard to fit that pic into the site's standards, so I understand your struggles. I offer my sympathies

You (8.8k) · 2y

LOL thanks @vegforlife
I found an image with a story: [@unsplash.com](https://unsplash.com)
The story is of the magic of books and libraries! (worth a try, have pity on my high-res craving brain)

fnerd (1.1k) · 2y

@fnerd that's not a merge of digital and physical. I don't see it
