@negf0r0: Also since I know you manage a ton of debates here, please do let me know if you need a hand admin-ing the debate.

@axada: I'm dealing with suggestions and talking to new users and I don't have many debates for that too lol

axada(1.5k) · 7y

@axada absolutely I really need to offload my work, so I can create new debates, as I've been getting that on hold. That would be really awesome!

You(8.5k) · 7y

@negf0r0: Very happy to be of any help at all! Thank you so much!

axada(1.5k) · 7y

@axada I moved over 1/3 of the claims. So we'll just transfer more and then it should be complete.

You(8.5k) · 7y

@negf0r0: This looks very good! Thank you

I will go through the whole thing tonight so and try to suggest any restructuring I might notice since I feel that may be useful after all the new claims and all

axada(1.5k) · 7y

@axada awesome. Anything you don't finish, I'll continue after you continue. This is awesome. I think together we'll get it done!

You(8.5k) · 7y

@Tasi welcome. I can't make the writer status default, as that's the setting for the website. I already put in a request for users to be able to add their own claims since added in, but it hasn't happened yet. Hope this works!

You(8.5k) · 10mo

@negf0r0: You can make it default by creating a link and setting it's permission to 'writer', then posting that in your discussion header like I did

Tasi(11k) · 10mo

at least I think that works...

Tasi(11k) · 10mo

@Tasi it's a good idea for some of the other, non-serious discussions I have. It's just not good for discussions like this one, as people tend to not understand new concepts as well.

You(8.5k) · 10mo

@Tasi I see your stuff, but I'll need to get to it sometime. I'm heading to sleep. I always address what's written, but it's within a week and a half. It's just extra busy around the holidays is why I'm not here as much as usual. That and it's cold, so I sleep more lol

@axada since you were really wanting to get involved, we have a lot of incoming claims if you'd like to read them for completeness and accuracy. It's too many for me.

You(8.5k) · 10mo

@negf0r0: I would love to help with suggestions! Will look out for myself too, but also feel free to ping me whenever and wherever I can contribute!

axada(1.5k) · 10mo

@axada that's what I did :) I need help looking through @Tasi's new claims.

You(8.5k) · 10mo - edited 10mo

@negf0r0: Looks good! I could only see one tag and responded there. Please let me know if I missed any!

axada(1.5k) · 10mo

@axada I see you responded to one (that's all I see). It's good to type in author tags to see all the accepted in claims - as I still see ones unaddressed - at least on my end. I could give you the list if you need it too. Either way.

You(8.5k) · 10mo

@axada thanks for the help. I am going to be piling a lot onto you - as I need to offload - being in so many discussions and not able to help out deeply anymore. So I'll just keep adding more until the work's done. Just let me know if this is not ok - so you don't get unintentionally overwhelmed. Just saying it so you know what's going on.

You(8.5k) · 10mo

@negf0r0: Oh, please don't worry! I am happy to take on the work. Just tag me where ever I can be of any help at all. I will also find all the unaddressed suggestions generally too!

axada(1.5k) · 10mo

@axada I feel better than. Thanks :)

You(8.5k) · 10mo

@axada I'm just going to tag you in the suggested claims that aren't duplicates (I mean you could go through them too) to have your input

You(8.5k) · 10mo

@axada what I would need is if you could search the internet to back up what they're saying, that would be awesome!

You(8.5k) · 10mo

@negf0r0: Oh alright! That sounds absolutely perfect!

axada(1.5k) · 10mo

@axada sweet! I guess we got a plan

You(8.5k) · 10mo

@negf0r0: As I go through the tags on @Tasi's claim, I will be marking a few of them so we can keep track of them. I hope this works for you.

axada(1.5k) · 6mo

@axada please just tag me instead of marking the claims. It just is inefficient and makes me get confused (in the context of the bright yellow with the rest of the color scheme blinds me and is hard to read - for that and everything else after I read it).

You(8.5k) · 6mo - edited 6mo

@negf0r0: Oh, I'm so sorry! I will just tag you instead!

axada(1.5k) · 6mo

@axada I accidentally left out marking, but you know what I mean. I think it'll work out, as it's better this way :)

You(8.5k) · 6mo

thanks :)

You(8.5k) · 6mo

@axada not sure if you got the memo about the owner offer, so I'm posting here :)

You(8.5k) · 6mo

I'm not a person who worries about losing my position, even if I create my discussions - as they're public discussions. It's just that early on, some people didn't have the needed qualities and I wasn't setup for it. However, both are now happening, so the time is right to share :)

You(8.5k) · 6mo

@negf0r0: That's very generous of you!

axada(1.5k) · 6mo

@axada thanks! It's up to you - and only when and if you're ready :)

You(8.5k) · 6mo

@axada responsibilities:

- 1) You handle all the incoming claims - that's the first priority - so they don't build up and people don't keep posting the same type of claim because it's not public
- 2) help find support for claims and help edit to bring claims into the discussion. If you can't, then contact me or another admin.
- 3) tag me in the beginning so I can make sure you are doing the ownership correctly to help transition the role
- 4) if you edit, delete, move, etc. someone's claim, tag them.
- 5) If you post a claim, write in the original claim where the edit is :)
- 6) do not edit the discussion unless you can hand it to someone else that is responsible enough for ownership - it sucks, but is the right thing to do.

For the most part - this discussion will be yours now (after I transfer it), so you decide who comes in, who's an admin, etc. It's best to follow the guide and formatting here, but that's not required. That also means that I won't be as present - I won't answer notifications and will rely on you for that. If you need me, use my username, not @negf0r0, as that I know it's for me. Cool! I can't remember it all, but that should be it.

You(8.5k) · 6mo - edited 6mo

@axada I feel we're not done editing some claims, so I want to wait until we finish with those before transitioning, as I always like to give my discussions over on a clean slate and not with a pileup of unfinished work and notifications lol

You(8.5k) · 6mo

@negf0r0: Thanks for those detailed notes! They are very useful to keep a track!

axada(1.5k) · 6mo

@axada yay, thanks! I try
